1 Retention rate includes students who graduated.
2 Beginning with the 2010 cohorts, e-data is the official reporting source. The entering number reflects the subtraction of IPEDS allowable exclusions (ex. Deceased, active military duty, or withdrew before census day). Previously reported data are not adjusted for new exclusions.
3 Average is for the years currently displayed in the chart.
4 Beginning Fall 2021, standardized test scores are optional-response; data is calculated only from those who responded.
